

February 2022

Dear Sir or Madam

I am writing to tell you about Street2Stadium which is government funded project and run by British Athletics. The project is a talent ID programme whose aim is to attract 11 to 19 year-old sporty students who could potentially be one of our next Paralympian or Olympian athletes.

A Free Athletics taster session is being offered to schools/colleges/universities to promote the sport and carry out early talent identification.

Both disabled and able-bodied pupils who are not currently registered with an athletic club can take part.

#### Targeted Impairment Groups

Intellectual impairments

Visual impairments

Physical impairments - Ambulant amputees and cerebral palsy

Following the Taster Sessions, pupils are selected to attend a Talent Day which will take place in April 2022, date and venue to be confirmed. Once we have collated all the results, participants will be selected to be part of the 2022 Street2Stadium Academy which entails structured training session once per week for 6 months.

Further information can be found on the following links:
