### 2. Introduction

This policy is based on statutory Special Educational Needs and Disability (SEND) Code of Practice (2015) and the following legislation:

- Part 3 of the Children and Families Act 2014, which sets out schools' responsibilities for pupils with SEN and disabilities.
- The Special Educational Needs and Disability Regulations 2014, which set out schools' responsibilities for education, health and care (EHC) plans.

### 3. Definitions

Meadowfield School identifies pupils as having Special Educational Needs if they meet the definition as set out in the Special Educational Needs and Disability (SEND) Code of Practice.

**Special Educational Needs (SEN):** A child or young person has SEN if they have a learning difficulty or disability which calls for special educational provision to be made for him or her. A child of compulsory school age or a young person has a learning difficulty or disability if he or she has a significantly greater difficulty in learning than the majority of others of the same age, or has a disability which prevents or hinders him or her from making use of educational facilities of a kind generally provided for others of the same age in mainstream schools or mainstream post-16 institutions.

Where a child or young person has a disability or health condition which requires special educational provision to be made, they will be covered by the SEN definition."

- 3.1 The school provides special educational provision for pupils who require "provision that is additional to or different from that made generally for others of the same age. This means provision that goes beyond the differentiated approaches and learning arrangements normally provided as part of high quality, personalised teaching. It may take the form of additional support from within the school or require the involvement of specialist staff or support services."
- 3.2 The school provides for pupils who have Profound, significant and complex needs, which broadly fall in the areas of:
  1. Communication and interaction
  2. Cognition and learning
  3. Social, mental and emotional health
  4. Sensory and/or physical

### 4. Guiding principles

- At Meadowfield School we believe that all of our pupils, regardless of gender, ethnicity, ability, disability or sexuality are entitled to a high-quality education that will maximise their life chances.
  - We seek to enable all pupils to achieve the best possible educational and other outcomes, and to prepare them effectively for adulthood.
  - All pupils are entitled to an education that enables them to:
    - achieve their best;
    - become confident individuals living fulfilling lives
    - make a successful transition into adulthood, whether into further education, training, supported living or employment.
- 4,1 Kent has designated Meadowfield Special School as the District Special School for Swale, meeting the needs of pupils with profound, severe and complex special educational needs (PSCN).
  - 4.2 Kent County Council summarised the needs of pupils with profound, severe and complex needs as follows:

Children with profound and severe needs will exhibit many of the following:

- A severe developmental delay or severe learning difficulty (e.g. up to 0.1 percentile)
- An uneven profile of abilities with the majority of abilities within the severe learning difficulties level.
- Prediction of a high level of dependency throughout their life.

- Severe under-functioning in most aspects of school and social life, with some abilities at a higher level.
- Requirement for multi-agency input from both Health and Social Services with access to after-school respite care.

Children with complex needs will have:

- An uneven profile with higher levels of attainment and functioning in some curricular areas.
- These pupils will have 'complex' needs which are the result of two or more combinations of need in addition to cognition and learning (i.e. physical, sensory, medical, communication and interaction etc) and will experience considerable difficulty in accessing mainstream school.

## **5. Objectives of the school's SEN policy**

- We will ensure that the needs of all pupils are met
- The views of the pupil will be sought and taken into account where appropriate
- Our parents have a vital role to play in supporting their pupil's education
- Our pupils will be offered full access to a broad, balanced and relevant education, including an appropriate curriculum
- The school will manage its resources to ensure all pupils' needs are met
- Provision and progress for all pupils will be monitored and reviewed regularly
- The school will involve outside agencies when appropriate
- Education, Health & Care Plans will be reviewed regularly in line with regulations
- Appropriate training will be provided for those involved in the implementation of the policy

5.1 Progress of all pupils will be monitored five times per academic year. Where a barrier to progress is identified, the school will put appropriate evidence-based interventions in place which will be monitored and reviewed regularly.

## **6. Roles and Responsibilities**

The effectiveness and appropriateness of the policy will be continuously monitored by the Deputy Principal with responsibility for pupil achievement in conjunction with the SEN Representative from the Governing Body. The use of resources, programme planning, effectiveness and quality of individual planning, pupil progress, pupil participation, parents as partners, statutory reviews, the identification of training needs and the use made of support services will be monitored and evaluated regularly.

In addition, the school will annually undertake a self-evaluation of the effectiveness of its policy in order to both update the policy and to plan further improvements and development.

- 6.3 The Principal, with the school's management team, has strategic responsibility for monitoring and evaluating the effectiveness of this policy, ensuring that necessary revisions are undertaken and keeping the governing body appropriately informed.

The governing body has as link governor for special educational needs (SEN): Mrs L Candy.

## **7. Admission Arrangements**

## 10. SEN: Needs Identification and Review

10.1 All pupils and students on roll at Meadowfield have an Education Health Care (EHC) Plan derived from the Statutory Assessment Process, which outlines their needs, identifies outcomes and the range of provision required to meet those outcomes.

The following people have a specific right to request that a local authority conduct an education, health and care needs assessment for a child or young person aged between 0 and 25:

- a. The child's parent (or an advocate on their behalf).
- b. The young person over the age of 16 (or an advocate on their behalf).
- c. A person acting on behalf of a school or post-16 institutions (this should be with the knowledge and agreement of the parent or young person where possible).

Details of the process and timeframe are documented within the SEND Code of Practice [https://www.gov.uk/government/uploads/system/uploads/attachment\\_data/file/398815/SEND\\_Code\\_of\\_Practice\\_January\\_2015.pdf](https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/398815/SEND_Code_of_Practice_January_2015.pdf)

In addition, anyone can bring a child or young person who has (or may have) SEN to the attention of the local authority. This could include, for example foster carers, health and social care professionals, early years' practitioners, youth offending teams or probation services, those responsible for education in custody, school or college staff or a family friend. Again, this should be done with the knowledge and agreement of parents or the young person where possible.

## 10.2 Education Health and Care Plan (EHCP)

EHC plans must be focused on the outcomes the child or young person seeks to achieve across education, health and care. EHC plans must set out how services will work together to meet the child or young person's needs and in support of those outcomes. EHC plans will be based on a co-ordinated assessment and planning process which puts the child and young person and their parents at the centre of decision making.

Once a pupil has an EHC Plan naming Meadowfield School, the Principal will ensure that those teaching or working with the child or young person are aware of their needs and have arrangements in place to meet them.

The school will ensure that teachers monitor and review the pupil's progress at least termly and report three times yearly, a formal review of the EHC plan will take place annually. If a pupil's SEN changes, the local authority will be informed and will arrange to hold a review as soon as possible to ensure that provision specified in the EHC plan is appropriate. For further information on EHC Plans is available through the Local Authority's Local Offer detailed on the KCC website <http://www.kent.gov.uk/education-and-children/special-educational-needs>

10.3 All pupils and students have an Individual Provision Plan identifying small steps towards the overarching EHC plan targets, which are reviewed termly and reported three times annually. All provision plan targets are evidenced against and monitored termly on Evidence for Learning, which is shared with parents regularly.

10.4 Ongoing Information about pupil and student progress and emerging needs is gathered, organised and analysed as set out in the school's Assessment, Recording, Reporting Policy.

## 11. Curriculum Arrangements

11.1 At Meadowfield School teachers have high expectations for every pupil. The curriculum is adapted and differentiated to meet the needs of all pupils. The curriculum pathways are detailed in the Curriculum Overview document and the Curriculum Policy.

11.2 Teachers use appropriate assessment to set targets which are challenging but realistic. Lessons are planned to address potential areas of difficulty and to ensure that there are no barriers to every pupil achieving.

## 12. Preparing for adulthood (transition)

12.1 At Meadowfield School we help our pupils to start planning for their future adult life as early as the Early Years Foundation stage. Our aim is to support our pupils to go on to achieve the best possible outcomes in participating in society, further education, independent living, supported living and/or employment.

This could include, for example:

- Ensuring that at each stage of schooling pupils are given every opportunity to become independent, confident communicators and socialisers and have a positive attitude and outlook.
- Ensuring that the curriculum for each pupil is personalised and at each stage of development pupil's knowledge and skills are built upon.
- Planning meetings with pupils and parents at an early stage (and particularly from Year 9) to develop aspirational visions and pathways towards adulthood.
- Signposting pupils and parents to different settings and outside agencies to achieve their vision.
- Ensuring that career advice and information provides high aspirations and a wide range of options.

12.2 We have specific duties to prepare young people with EHC Plans for the transition to adulthood, as set out in section 8 of the SEND Code of Practice. The review of an EHC Plan in Year 9 builds on previous reviews and existing plans. It will allow time for the commissioning of any necessary provision and support to take place. Planning will build on action that has already been agreed with the pupil and will inform decisions about the next stage of education - specifically choices about accreditation and Study Programmes and the range of post-16 options which may be available and the longer-term outcomes that the child wants to achieve in their adult life.

### 13. Evaluating Success

13.1 Under the Special Educational Needs and Disability (Information) Regulations, the governing body is required to evaluate how well it is delivering the school's local offer that has been agreed with the LA. The school, will as part of its Local Offer:
