Communication and How to Help me Learn

- Visual support (e.g. pictures, gestures, written form etc.) to help gain, focus and maintain his attention and support her processing skills.
- Allow plenty of time for to process and respond to verbal language.
- should be sitting at the front of the classroom and in a good position away from any background or distracting noises like doorways etc.
- All background noise should be limited where possible.
- Attract attention before giving the instruction.
- Staff should avoid talking whilst walking around the classroom or with their back turned whilst writing on the board.
- Rephrase instructions allowing extra time for a response.
- Encourage to work with a peer whenever possible.
- Provide extra time for work.
- Encourage to use strategies that will help ... remember e.g. repeating the instruction back to herself, using post it notes, bullet points, diagrams etc.
- Encourage to jot down key points on scrap paper/whiteboard to aid ... remembering.
- Use recording switches to record sentences/stories verbally so ... can simply replay them to write them down.
